IRREGULAR

LED MIRROR

Designing a beautiful and relaxing bathroom is a fun and exciting part of your home design. The irregularly shaped mirror can visually make your home more spacious and attractive. The shape of this irregularly shaped bathroom mirror is full of artistic sense. With soft daylight, gives you extra light when you need it, it's a sophisticated accessory for a stylish powder room. Pairs with silver-backed glass to provide a crisp reflection, enabling you to apply makeup, style hair, or simply brush your teeth. Plus, dimmable daylight illumination gives you task-specific lighting, and a built-in defogger keeps you in focus, no matter how steamy it gets.

ACRYLIC FRAME

LED MIRROR

Acrylic framed mirrors are 17 times stronger than regular mirrors, meaning they can withstand and survive greater impacts and collisions. The light resource of the Acrylic framed mirror is come out around the mirror, which can make more atmosphere of relaxation. The mirror with acrylic frames is lighter than metallic framed. Acrylic framed mirror is more appropriate to install at a house with kids, public restroom, dance room and Gym.

ALUMINUM ALLOY FRAME

Aluminum-framed mirror brings a new visually appealing element to the framed mirror industry. On the basis of the original mirror, we have added aluminum alloy frame. This makes the mirror robust, lighter, stronger, far from corrosion and wear. In addition ensuring the user infinite experience, added a layer of security. We have silver and golden aluminum alloy framed mirror, can match the frame colors with your wall's colors. Adding more aesthetic elements to your bathroom decoration.
